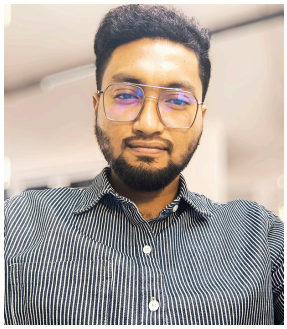
# IQBAL SHAHRIAR EMON



## SOFTWARE ENGINEER

Mohammadpur, Dhaka | shahriar.emon113@gmail.com | 01756-979634 | https://github.com/ShahriaRxEmon

## SUMMARY

Dynamic Java Developer with 2+ years of backend development experience, skilled in building robust and scalable systems. Proven ability to collaborate across teams, supported by experience in both technical roles and business operations. Strong analytical thinker with effective communication skills and a passion for delivering efficient software solutions.

## SKILLS

### Programming Languages & Web

- HTML5, CSS3, JavaScript (ES6+)
- Java (Spring Boot, JavaFX)
- C++, C#
- SQL (Oracle, PostgreSQL, MySQL)
- Graphics Design
- UI/UX Design (Wireframing, Prototyping)

### Frameworks & Technologies

- Spring Boot (REST APIs, Both Frontend & Backend Services)
- JavaFX (Desktop Applications)
- WebSocket (Real-time communication)
- Responsive Web Design (Flexbox, CSS Grid, Media Queries)

### Other Skills

- Software Deployment & Support
- Client Communication & Project Handover
- Technical Documentation
- Time-based Data Automation

## PROFESSIONAL EXPERIENCE

**Software Engineer**
*THT Space Electrical Company Ltd.*
Uttara EPZ
March 2025 – July 2025

- Developed and deployed two live projects, including a Bluetooth Printer Integration using C++ for device scanning, COM port communication, and command-line printing of messages, PDFs, and images.
- Led backend development for an Attendance Management System within the Grozziie App, designing and implementing all essential RESTful APIs to support core functionalities.

**Business Development Executive**
*Smart Software Limited*
December 2024 – February 2025

- Engaged with clients to understand requirements, deliver product presentations, and coordinate meetings to showcase company solutions.
- Successfully managed end-to-end project handovers, ensuring client satisfaction and providing post-sale software support to maintain long-term relationships.

**Jr. Java Programmer**
*ATI Limited*
October 2023 – October 2024

- Developed a Radiology Information System using JavaFX for desktop environments, focusing on user-friendly UI and efficient data handling.
- Contributed to a Laboratory Information System built with Spring Boot, ensuring seamless integration with both Oracle and PostgreSQL databases.
- Implemented a real-time data management feature that automatically stored database records to local directories at scheduled intervals.

## EDUCATION

**M.Sc. in Information and Cyber Security**
*University of Dhaka*
[Ongoing]

**B.Sc. Engineering in CSE**
*Bangladesh Army University of Science and Technology, Saidpur*
Graduated: June 2023
CGPA: 3.19 out of 4

**Higher Secondary School Certificate**
*Cantonment Public School and College, Rangpur*
Completed: 2018 Group: Science
GPA: 4.33 out of 5

**Secondary School Certificate**
*Cantonment Public School and College, Rangpur*
Completed: 2016 Group: Science
GPA: 5.00 out of 5

## PERSONAL PROJECTS

1. ***Creative Brand Visual Development - Erin Nisa Couture***

Designed and produced premium visual content for *Erin Nisa Couture*, including product photography, story telling sequences, and motion-graphics-ready assets. Applied composition, color theory, and brand-focused design to create engaging social media visuals, boosting audience reach and purchase intent.

2. ***Radiology Information System of JIMCH***

Designed and implemented a JavaFX module for generating and managing patient prescriptions. The system creates prescription documents as Word files, stores them in a database, and enables retrieval and updates for follow-up visits. Incorporated a calendar-based view for easy access to prescriptions by date.

3. ***Roll a Ball using Unity***

Developed a 3D single-player game using Unity and C# in JetBrains Rider. In this game, the player controls a ball using keyboard inputs to collect cubes scattered across a well-designed 3D environment. Features include intuitive movement controls, real-time score tracking, and responsive interactions, providing an engaging and interactive gaming experience.
