925, Dakkhingaon, Katherpool, Bashabo, Sabujbagh, Dhaka-1214 | **Date of birth:** 5th July 1998

Objective

Highly motivated Software Engineer with 4+ years of experience in designing, developing, and maintaining enterprise-grade backend systems and full-stack AI applications. Expert in Java Spring Boot, SAP, Python, Drupal, and cloud-native technologies. Proven track record of delivering scalable solutions for core banking systems, university management systems, and enterprise platforms. Strong experience in RESTful API development, microservices architecture, and agile methodologies.

Technical Skills

Programming Languages: Java, JavaScript, Python, PHP, TypeScript, ABAP, C/C++, Go, C#
Backend Frameworks: Spring Boot, Django, FastAPI, ORM, Drupal 8-10, Node.js, Laravel
Frontend Technologies: Vue.js, Angular, React, SCSS, Twig Templates
Databases: SAP S/4 HANA, Oracle, PL/SQL, MySQL, MS SQL, NoSQL, Redis, MongoDB
DevOps & Cloud: Docker, Kubernetes, OpenShift, AWS, SAP Cloud Platform, GCP
Tools & Technologies: N8N, Zapier. Apache Kafka, Apache Web Server, JPA, Hibernate, RESTful APIs, Microservices, Git.

Experiences

NEOCOSMO GmbH (Saarland, Germany – Remote)

Full Stack AI Software Engineer | *01 April 2024 — Present*

- Designed and developed an AI-based trading assistant using QuantConnect and NinjaTrader, incorporating multiple AI layers to support traders through predictive modeling, strategy optimization, and real-time decision support
- Developing the enterprise intranet platform PIIPE using Drupal 10 and Vue.js, serving 1000+ users. Maintaining and upgrading legacy systems from Drupal 8 to Drupal 10
- Contributed to groundwater modeling simulations and GIS systems, leveraging Fortran, C++, and Python for scientific computing and spatial analysis
- Developed backend services with Node.js and TypeScript to support API endpoints and real-time integrations in collaborative tools
- Created a web scraping automation system using Django integrated with Gemini AI for intelligent content extraction and analysis
- Built a project management AI tool integrating Claude CLI with Notion, automating task generation, meeting summaries, and follow-ups
- Utilized n8n for building scalable no-code/low-code workflows to automate internal processes and third-party service integrations

PT Midas Daya Teknologi (Jakarta, Indonesia - Remote)

Backend Developer (Technical Consultant) | *01 August 2023 — 31 August 2024*

- Working on Core Banking System and Mobile Banking System development for the client.

- Responsible for building new API coverage (maintenance, inquiry, and financial) using existing APIs by writing business logic in PLSQL and creating containerized restful APIs using the Spring Boot Framework.
- Improving customer experience, reducing costs, enabling faster time to market, future adoption, Open banking APIs, and promoting agility through cloud-native tech.
- Code review, bug fixing, and mentoring junior developers.

Ahsanullah University of Science and Technology (Dhaka, Bangladesh - Onsite)

Software Engineer | *01 February 2023 — 31 July 2023*

- Developed the university portal and admission system using Java Spring Boot and other modern technologies. Led a team of 4 junior programmers and conducted regular code reviews.
- Played a lecturer role on part time basis. Developed the ERP for the Dhaka Ahsania Mission

BJIT LIMITED (Dhaka Office, Bangladesh - Hybrid)

Software Engineer | *01 October 2021 — 31 January 2023*

- Work at SAP ABAP Development like ALV, Smart forms, Adobe forms, Module Pool Programming, Enhancement, BDC.
- SAP UI5 Development, SAP Fiori APPS, Standard Fiori APPS Installation.
- SAP Mobile Platform APP Development. Played a role as SAP Full Stack Developer.
- Developed enterprise-grade Spring Boot applications featuring real-time data processing, automated workflows, and third-party integrations for financial and ERP sectors.

Education

- BSC. (Eng.) -2021 | Computer Science and Engineering
  American International University – Bangladesh (AIUB), Dhaka, Bangladesh
  CGPA: 3.92 OUT OF 4.00
  Achievement: Magna Cum Laude (Silver Medal)
- HSC -2016 | Science
  Dhaka College, Dhaka Bangladesh
  GPA: 5.00 out of 5.00
  Achievement: Golden A+
- SSC -2014 | Science
  Ideal School and College, Dhaka, Bangladesh
  GPA: 5.00 OUT OF 5.00
  Achievement: Golden A+

Training and Certifications

- Scrum Team Member Accredited Certification
- DevNet Associate and Cisco Certified Network Associate (CCNA)
- AWS Cloud Practitioner (AWS)
- SAP Certified Development Associate - ABAP with SAP NetWeaver 7.50
